Oct Childcount IEP Outcome: (FN270) FN-Attributes:

This LRE override field is used when the LRE code as of Oct 31 is different than the last LRE reported. (Example: Preschool IEP Meeting 4/4/16, effective 4/4/16 to 4/3/17, covers both PS & KG settings. In April, report PS LRE with RIEP (ex. IE53). Then circle override field to indicate LRE for KG setting (ex. IE13). This override field would be entered in Fall of following school year for KG.
 Note: If IEP is actually Amended in Fall, report LRE change as AIEP instead of using override field.)
